This year's tour will begin at one of the premiere private Lowcountry communities with a delicious Lowcountry breakfast.

Following breakfast, allow us to take you across the coastal marshes, Chechessee and Broad Rivers, into historic Beaufort, home of the Marine Corps Recruit Depot, Parris Island. Upon arrival at the General's building, you'll take a guided tour of the base followed by a buffet lunch among the Marines at the Mess Hall. The day will wrap up with a tour of the Marine Corps Museum and a stop at the Marine Corps Exchange. Throughout your time at the Depot, you will have the opportunity to meet "The Few. The Proud." and observe recruits as they attempt to earn the title "United States Marine."
